

# Study Guide for *Religion vs. America*

by Dr. Leonard Peikoff

- What events prompted the unification of religious political elements in America?
- How is the New Right religious perspective different from previous eras?
- What is the definition of religion?
- What core elements of philosophy are necessary to any religion?
- What position must religion come to in epistemology? In ethics?
- What is the political reality that is demanded by religious fundamentals?
- Describe the characteristic approach of the American Founders on these questions.
- Why is atheistic communism not actually an expression of logic and reason?
- What are the ways that religious premises lead the New Right to control individuals?
- Why is economic control the natural outcome of religious premises?
- Why is atheism as such not a solution to religion?
